

# Pictures of Prime Numbers

87 columns

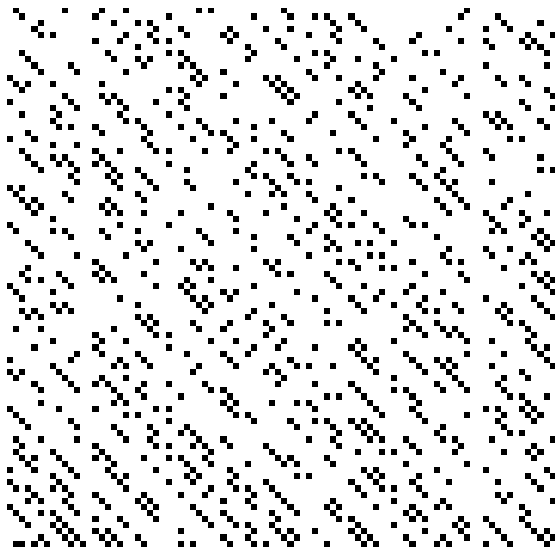

88 columns

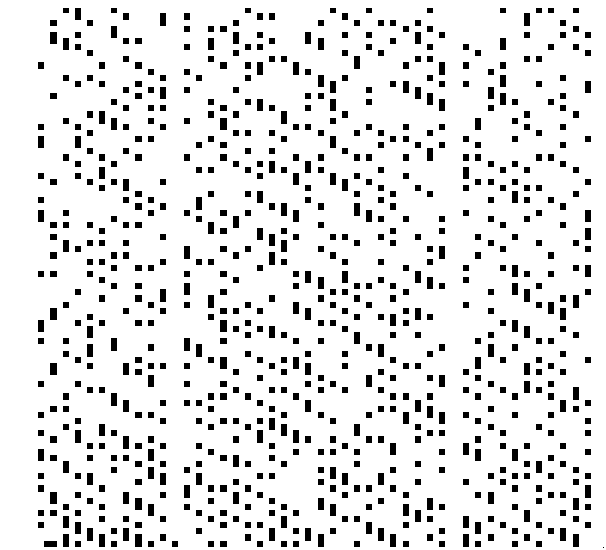

89 columns

90 columns

91 columns

92 columns

**These pictures are generated by plotting all the numbers from 1 to 8700, starting in the bottom left hand corner and going from left to right and then up one row at a time. Where a number is prime, a point is plotted. Where it is not prime, it is left blank. Notice the significant change in the plotted patterns for each column arrangement.**
